

**Amendments to the Specification**

Please replace paragraph [0008] with the following amended paragraph.

[0008] The subject matter that is regarded as the invention is particularly pointed out and distinctly claimed in the concluding part of the specification. The invention, however, may be best understood by reference to the following description taken in conjunction with ~~the sole accompanying drawing figure~~ FIG. 1, which shows a plot of total flavonoids over time for a series of Mad-dog skullcap extracts.

The above amendment amends the improper reference to the drawing. More specifically, the reference to the drawing as “the sole accompanying drawing figure” has been amended to “FIG. 1.” The change merely brings the specification into conformity with the drawing, as amended.
